

PROPOSED PROJECT(S) & ESTIMATED COSTS(S)

10. Which project(s) do you intend to undertake? (select all that apply)

BMP Category	Practice Code	Type of Practice	Estimated Cost
Manure Land Application	0301	<input type="checkbox"/> Specialised modifications to equipment for improved manure application	\$
Riparian Area Management	1001	<input type="checkbox"/> Alternative watering systems to manage livestock: gravity fed, solar, wind or grid power, pump and waterline systems	\$
	1002	<input type="checkbox"/> Buffer establishment: forages, shrubs, trees; includes planting and weed control; tile effluent treatment systems	\$
	1003	<input type="checkbox"/> Fencing to manage grazing and improve riparian condition/function	\$
	1004	<input type="checkbox"/> Native rangeland restoration or establishment. Planting native species of forages, shrubs and trees	\$
	1005	<input type="checkbox"/> Grazing management in surrounding uplands: alternative watering systems and cross fencing	\$
	1006	<input type="checkbox"/> Improved stream crossings for livestock or equipment	\$
Erosion Control Structures (Riparian)	1101	<input type="checkbox"/> Constructed works in riparian areas: contour terraces, gully stabilisation, bank stabilisation, drop inlets, enhanced infiltration systems, in-channel control, and water and sediment control basins (WASCoBs)	\$
	1102	<input type="checkbox"/> Engineering design work	\$
Erosion Control Structures (Non-Riparian)	1201	<input type="checkbox"/> Constructed works in non-riparian areas: contour terraces, gully stabilisation, drop inlet systems and enhanced infiltration systems, WASCoBs and constructed wind screens	\$
	1202	<input type="checkbox"/> Engineering design work	\$
Land Management for Soils at Risk	1301	<input type="checkbox"/> Forage or annual barrier establishment for soils at risk (e.g. strip cropping, grassed waterways, perennial forages on severely erodible or saline soils) watering systems, cross fencing	\$
	1302	<input type="checkbox"/> Straw mulching to assist in permanent forage establishment	\$
	1303	<input type="checkbox"/> Grazing management in critical erosion areas not associated with riparian zones; alternative	\$
Cover Crops	1501	<input type="checkbox"/> Establishment of non-harvested, non-grazed cover crops	\$

	1502	<input type="checkbox"/> Equipment modification for inter-row seeding of cover crops (e.g. relay crops)	\$
Nutrient Management Planning	2401	<input type="checkbox"/> Consultative services to develop nutrient management plans; planning and decision support tools	\$
Soil Erosion and Salinity Control Planting	2701	<input type="checkbox"/> Consultative services to develop soil erosion and salinity control plans; planning and decision support tools	\$
Riparian Health Assessment	3001	<input type="checkbox"/> Consultative services for assessing riparian health; planning and decision support tools	\$
11.	Total Estimated Costs:		\$

12. Are you currently receiving or applying for additional funding for runoff and erosion protection projects? Yes No

13. If yes, please indicate the name of the program/project, and to whom you are applying/have applied:

14. Additional Comments:

SITE PLAN

Please use the grid below to provide a sketch of the proposed project site. Please mark directional north, as well as the following:

- Location and name of watercourse, location of municipal well, and/or surface water intake
- Location of proposed work, including distances to watercourses, width of the runoff and erosion protection project
- Location and distance of all private wells, building structures, additional information of interest

RUNOFF & EROSION PROTECTION PROJECT AGREEMENT

I have read, understood, and agree to the project guidelines and the terms of funding assistance for the Source Protection Program’s Runoff and Erosion Protection funding.

Signature of Applicant

Date

I, _____, (*Signature of Applicant*) hereby declare that I will not receive more than 100 percent of the total cost of this project.

DECLARATION
