

## 5 **Schedule**

Ontario Regulation 285/07 (Timing Reg) specifies deadlines for submission of the terms of Reference and completion of the Assessment Report and Source Protection Plan. The Thames-Sydenham and Region SPC requested and was granted a 2 month extension to the deadlines for submission of the Term of Reference. The extension does not affect the submission date for the Source Protection Plan.

Item	Description	Approximate Date
Appointment of the Source Protection Committee		November 19, 2007
Terms of Reference (submission to SPA by SPC)	12 months after the appointment of the first chair of the source protection committee	October 15, 2008
Terms of Reference (submission to Minister by SPA)	(14 months after the appointment of the first chair of the source protection committee)	December 22, 2008
Assessment Report	(the first anniversary of the date that notice of the approval of the terms of reference is published)	January-March 2010
Source Protection Plan	(the fifth anniversary of the appointment of the first chair of the source protection committee)	August 20, 2012

The Terms of Reference describes the scope of the project through tasks. Each task includes an estimated start and end date. Many of the start dates for work which has already been completed is indicated as the start of the fiscal year in which the funding was approved by MOE.

The Terms of Reference must also indicate the date by which the Source Protection Plan will be submitted to the minister. Although every reasonable effort will be exerted to complete the Source Protection Plan as early as possible it is important that the SPC engage the stakeholders in the development of the plan. Further, as the requirements for the source protection plan and the consultation requirements are yet unknown, the submission date for the Source Protection Plan stated in the Terms of Reference is the latest possible date.

Date for submission of the Source Protection Plan is August 20, 2012.
